OKLAHOMA CITY — The Oklahoma Insurance Department is excited to announce a significant improvement in Continuing Education (CE) services for insurance professionals. The National Insurance Producer Registry (NIPR) is in the final stages of launching an upgraded CE user experience, designed to simplify access to CE transcripts and ensure compliance during renewals.

This enhancement allows users on www.nipr.com to effortlessly view their CE transcripts for any state license tracked by State Based Systems (SBS). This feature mirrors what's currently available through SBS, reducing customer service inquiries related to renewal eligibility.

The Oklahoma Insurance Department supports these advancements, which empower insurance professionals to easily manage their licensing needs. For further information or inquiries about insurance licensing in Oklahoma, please contact: Oklahoma Licensing Division 405-521-3916 or licensing@oid.ok.gov.
