Notes of Hope

A

For I know the plans
I have for you,
declares the Lord,
plans to prosper you
and not to harm you,
plans to give you
hope and a future
Jeremiah 29:11

B

But blessed
are those who
trust in the Lord
and have made
the Lord their hope
and confidence
Jeremiah 17:8-9

C

But blessed
are those who
trust in the Lord
and have made
the Lord their hope
and confidence
Jeremiah 17:8-9

D

Our Father,
who art in heaven, hallowed be
Thy name; Thy kingdom come;
Thy will be done; on earth as it is
in heaven; Give us this day our
daily bread. And forgive us our
trespasses, as we forgive those
who trespass against us. And
lead us not into temptation; but
deliver us from evil. For Thine is
the kingdom, the power, and the
glory, forever.
Amen
The Lord's Prayer

Tea & Ink

This simple, vintage-style décor is crafted to replicate the look of tea-stained backgrounds paired with fine, detailed line art. Further enhancing the aged appearance of each piece, signs consist of natural, pine frames painted black that surround artwork printed on soft, textured canvas. The neutral color palette allows artwork to align with a variety of design aesthetics. Available in a number of sizes, the depth of the frame allows for tabletop placement as well as wall display by hanging from a nail.

Marriage Prayer

Dear God, as our hearts are blended in union, let Your holy love be the foundation. As we promise to share our life together, to love, cherish and care for each other, keep our lives in steadfast devotion to You. Through joy or sorrow, help us be faithful and true. Daily renew Thy lasting love within our hearts. Thou, oh God, be our guide until death do us part.

Amen

A

TECHNICAL SUPPORT

LASER BED ALIGNMENT

1. Place the alignment plate in the top left corner of the laser bed.
2. Run the file ZZLAP.
3. Measure the offset between the box you lasered and the box that was already lasered.
4. Turn the laser off, then back on.
5. As soon as the word "Gravograph" appears on the display, press and hold the X button.
6. Select the option "Realign Machine".
7. Select the option "Realign X Y".
8. Increase or decrease the X and Y values by the offset you measured.
9. Press the check button. It will beep if the new values are accepted.

ZZLAP
LASER ALIGNMENT PLATE
PD-0005-75 | QTY: 1

TROUBLESHOOTING

If your machine will not allow the offset you need to enter, you'll need to reset your laser bed fence.

In the package of tools that arrived with the machine, there is an allen wrench that will fit the screws along the rulers on the X and Y axes.

Move the rulers as far in as possible. Run your red light along each axis to ensure the rulers are secured straight.
